# MISSION

Our mission is to always be top medical supplier in our region with high quality products and good prices.

We always improve the quality of life and the quality of work for all our clients and patients with our work and our solutions.

For us, just as for every other business, economical success is the basic foundation for fulfilling our mission. This we can only achieve together with the people we work for and with. Therefore they are at the centre of our thinking and doing.

3

# VISSION

We aspire to be number one in medical supplying to the iraqi ministry of health and its hospitals as well as covering all provinces.

We are constantly asking ourselves how we can do more and make a greater sell and import from big companies, that starts by reimagining everything that a company and industry can be, and we have learned that it takes creativity, empathy, and innovation to achieve that goal.
